**Online Video Education Project - $1,250**

Our online video education project started with videos from Psychedelic Science in the 21st Century. Anyone can watch the presentations for free on the MAPS website now. For a nominal fee, medical professionals can earn CE and CME credits from watching the videos. This is one of our key education projects of this year, and one of the main ways that our conference will have a lasting impact. Our CME/CE accreditation also lends significant credibility to the field of psychedelic research.

**Video - Difficult Trip Guidance - $1,030**

These funds were for creation of a shorter version of this video suitable for YouTube. This video was originally created for a Unitarian church program to educate teens about how to help a friend who is having a difficult psychedelic experience. We have continued to edit and revise it over the years.

**TOTAL OTHER EDUCATIONAL PROJECTS - $38,410**

**TOTAL CORE AND OTHER EDUCATIONAL PROJECTS - $122,883**

### EDUCATIONAL PROJECTS

#### FISCAL SPONSORSHIP

*MAPS acts as a fiscal sponsor for outside projects. As a fiscal sponsor we assist these projects by handling their accounting for them. All of these expenses are balances by income from each project. The projects that follow belong in this category.*

**Erowid - $14,725**

MAPS has served as fiscal sponsor for Erowid since 1999. Erowid is a popular website offering information about a wide range of drugs; it is visited by about 50,000 unique visitors per day. Erowid has now obtained its own non-profit status and MAPS is no longer needed as a fiscal sponsor. However, some donors still send funds to MAPS out of habit or as part of employer matching programs that take time to change. As a result, we still receive some donations for Erowid.
